Re: CPR/AED TRAINING/RECERTIFICATION SCHEDULE

The NYS CPR/AED rules and regs. indicate that if you are staying after school with students you must be certified in CPR/AED. Thus if you are certified you must recertify within a year. If you are not yet certified you should do so as soon as possible.

CPR/AED TRAINING & CPR/AED RECERTIFICATION

- 2.5 Hour Training will include CPR/AED for adult and child, to take place in 1 session after school.
